PROFILE

To work in an organization with healthy spirit of inquest. Thus successfully battling and overcoming difficulties with sincere democratic approach the only investment. I want to make is my hardwork, I am sure i will fetch me the ability work more intelligently and effectively.

PERSONAL PROJECTS

Eascare
Ambulance Booking Application
11/2022 – 02/2023

Developed Eascare, a Flutter-based mobile app with Firebase Firestore backend, for booking ambulances, scheduling doctor appointments, and finding blood donors. The app provides real-time ambulance tracking and secure user authentication, ensuring a seamless and integrated experience for urgent medical needs.

COURSES

Database Management System
Indian Institute Of Technology Kharagpur
01/2024 – 03/2024 | Kharagpur, West Bengal, India
A 8-week database management system course from NPTEL Online Certification was completed, covering fundamental concepts and practical applications. The course included topics such as database design, SQL, indexing, transactions, normalization, and database security, providing hands-on experience with relational database systems and enhancing skills in data management and optimization.

Cloud Computing
Indian Institute Of Technology Kharagpur
07/2022 – 10/2022 | Kharagpur, West Bengal, India
An 12-week cloud computing course from NPTEL Online Certification was completed, providing comprehensive knowledge in cloud infrastructure, services, deployment models, and hands-on experience with leading cloud platforms. The course covered key concepts such as virtualization, storage, networking, and security in cloud computing.
